Selecting a site:

- Returning exhibitors have first preference to the site they exhibited on the previous year.
- Our circular road system for the outdoor exhibition space allows for excellent traffic flow around the site unlike grid layouts.
- We do not site competing goods and services together, rather we look for complimentary exhibitors to be your neighbours

Indoor sites are located in the 60m x 36m Founders Pavilion, note that sites do not include a shell system. The Founders Pavilion has 6-9m high ceilings, plenty of natural light and excellent exhibition conditions.

Veranda sites surround the Founders Pavilion and feature a concrete floor and colourbond roof over your head, ceiling height is 2.5m.

Livestock & Breed Society sites are grouped together near the animal nursery and sheep dog trials.
